Athletic Facilities

Jim Anglea is an innovator and pioneer in sports field maintenance. Besides being a former head grounds keeper for the Texas Ranges and Cleveland Indians, he is the inventor of multiple sports fields products and founder of ATC Diamond Pro and Anglea Turf Infield Conditioner.

His experience covers designing, constructing and renovating multiple types of fields and stadiums including baseball/softball, football and soccer. Jim has worked with little leagues and big leagues, amateurs and professionals, high schools and colleges. There are few in the industry with more experience.
