Professional Experience

Mr. Ramirez was a founding principal of NR2 Architect of Dallas, Texas. His background and experience allows him to focus on architectural design and resolve both conceptual and formal design issues through various media. Victor began his architectural career in Abilene in 1991 working with Tittle Luther Partnership and Cadco A/E Services. After moving to Dallas, Victor worked with Alliance Architects where he became a lead designer.

Victor has been responsible for numerous commercial and educational projects throughout the state, and is dedicated to providing the highest level of professionalism.

He currently serves as program coordinator for DCCCD's Cedar Valley's Residential and Commercial Building Performance Technology Programs.
